

~ STATE OF IDAHO ~
DEPARTMENT OF WATER RESOURCES

DAM AND RESERVOIR CERTIFICATE OF APPROVAL

This document certifies that:

Mackay Dam, located in Section 12, T7NS, R23E, Custer County, has been inspected by the Idaho Department of Water Resources Dam Safety program as provided in Title 42, Chapter 17 Idaho Code, and is hereby approved to impound water not to exceed the reservoir's maximum normal operating level which is equal to the crest of the concrete sill across the entrance to the emergency overflow spillway, corresponding approximately to project datum 6066.1 feet elevation; however, subject to the following terms and conditions:

- This certificate supersedes all previous versions;
- This certificate will expire on **December 31, 2023**;
- Authorized storage is based on the results of periodic inspection, and the continued maintenance, repair and proper operation of the structure by the owner for the protection of public safety;
- This certificate is the property of the State of Idaho and may be revoked at any time upon written notice if the Department determines the structure is unsuitable to impound water, and thus constitutes a danger to life or property downstream;
- A valid Operation/ Emergency Plan shall be maintained at all times and updated as necessary to reflect current operating instructions and contact information;
- Reservoir storage is limited to existing and valid water right(s) as may be required or recorded by the Department of Water Resources.

Dated this 20th day of May, 2021

A handwritten signature in blue ink, appearing to read 'John Falk', is written over a horizontal line.

John Falk, P.E.
 Dam Safety Program Manager
